Hair & Makeup Information

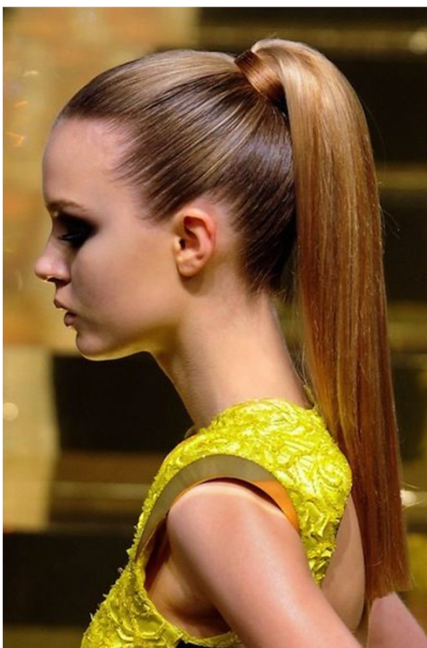

Hi Parents/Dancers,

Please see below for ***Through The Looking Glass*** showcase hair and makeup information. You will have approximately 1.5 hours to get ready after the tech rehearsal on show day, so if hair can be done in the morning before arriving to Hurstville Entertainment Centre without compromising the quality/freshness of the hairstyle when rehearsing, this would be ideal, otherwise after rehearsal is best. Makeup will need to be done after rehearsal as dancers will be sweating throughout the day, however if you would like to get a head start by applying foundation as the base and then simply work on touching this up once the rehearsal concludes, that is fine also.

Alternatively, we will be offering some hair and makeup services on showcase day for those who require some assistance. If you choose to book in for one of these services, a time will be allocated to your child throughout the day at a time that does not conflict with their stage rehearsal.

PRE JNR Hair and Makeup
